Notes

- 1 The Residential Facility Fee is payable by all new residential students from 2014-15. It covers the use of the School's general facilities, library, study areas and Wi-Fi access.
- 2 The Room Deposit of £100 is payable in advance of the first year of residential study. It is returned at the end of the final residential period provided the final room inspection is satisfactory.
- 3 Welcome Week is the introductory week held annually in September immediately before the start of Semester 1. Accommodation is included in the full time occupancy charge, but other students who wish to attend will need to apply for accommodation for which the daily single room charges will apply.
- 4 Placement Weeks are the 3 weeks in January when many students are on a Ministry Placement. Meals for this period are not therefore included in the full time occupancy charge, but they are available at the extra charge of £120.
