The Basic Foundation Course runs for 21 weeks and the Full Foundation Course for 44 weeks. There is a 3 week vacation period in the middle of the Full Foundation Course (in either June/July or December) during which students must vacate their room. The precise dates will be provided at the start of the course.

3. Fees for the Full Foundation Course currently include a 10% discount off tuition and accommodation fees, and 2 'free' weeks of accommodation and meals during the course break in either June/July or December where the student has paid for the full course in advance.
