MPhil, PhD	£9,455	£5,095
University Fee - on submission of thesis	£300	£300

NOTES

- For the purpose of charging fees, a student is classed as a UK or EU student if he/she has been normally resident in the UK/EU for three years prior to commencing his/her course, and that residency has not been wholly or mainly for the purpose of full time education.
- All fees apply to new students in the 2015-16 academic year, and are subject to change in subsequent years. Students who are continuing from the previous year may be charged different fees
- Where the tuition fee is higher than that charged by our validating University (UK & EU fees), it reflects the additional costs we incur as a private Higher Education Institution.
- Where the tuition fee is lower than that charged by our validating university (Overseas fees), the fee payable comprises a full fee less a bursary award for all eligible students.
