NOTES

- For the purpose of charging fees, a student is classed as a UK or EU student if he/she has been normally resident in the UK/EU for three years prior to commencing his/her course, and that residency has not been wholly or mainly for the purpose of full time education.
- All fees apply to new students in the 2014-15 academic year, and are subject to change in subsequent years. Students who are continuing from the previous year may be charged different fees.
- Part time fees, with the exception of the GDip, are based on a 10 credit module. Some modules have a higher credit value and will be charged accordingly.
- Students wishing to live on campus can see the schedule of charges by downloading Accommodation Fees.
- Prices for lunch time and evening meals can be found by downloading Accommodation Fees
- The Facilities Fee is payable by all new undergraduates from 2014-15, apart from distance learning students, and covers the use of the School's general facilities, library, study areas and WiFi Broadband.
